Right Hand Drive Armoured cars and 4X4 for sale

Armoured Skoda Superb TDI 55,000GBP

Armoured Skoda Superb TDI CR Elegance 2012

Fully Armoured BR6/VR6 Vehicle.

Ballistic protection against: 7.62 x 51mm NATO Ball & 5.56 NATO - 5.56 x 45 SS109

Floor protection against simultaneous detonation of two German type DM-51 hand grenades.
Ballistic steel significantly improves IED protection.

(BR6) Fixed Ballistic glazing on all windows with ballistic overlaps to the A, B & C pillars.

Armoured bulkhead behind rear passengers seats to ensure full ballistic protection. Escape hatch window in rear bulkhead, with release bolts from the inside of the vehicle for use in an emergency.

Right-hand drive suitable for use in the United Kingdom.

Perfect, discreet protection for VIP's, Government officials and close protection projects.

Full Standard Car Spec as Follows

The Skoda Superb Estate is a direct rival to accomplished premium wagons such as the Audi A4 Avant & BMW 3 Series Touring. This particular Skoda Superb was developed as a demonstration model to be used at exhibition events by a UK based armour company and has covered just 7233 miles from new. Full Ballistic protection to the spec above.

RHD Jaguar Sentinel XJ African or Asian market diplomatic protection

<http://www.thegentlemansjournal.com/cars-3-of-the-best-armored-cars/>

XJ Sentinel's inner-shell is constructed from Kevlar and high-strength steel, which is virtually undetectable from the outside of the car. With power spawning from the 5.0-litre V8 transplanted from the XJ Super sport, you'd assume the Sentinel was no sitting duck, but all the added weight means the armored XJ will reach 62mph in a comparatively wheezy 9.2 seconds. Keeping it all very British, Jaguar doesn't disclose the price of the XJ Sentinel

We do TELL YOU THE PRICE....275, 000 GBP Offers on **85,000 GBP**
